It was **proposed** by Dr. Subramanyam and **seconded** by Donald Cowling that Peter Pritchett-Brown be elected Vice-Chairman. This proposal was supported and Peter Pritchett-Brown was **elected unanimously**.

3. Open Period

Ken Poll from Hazeldene, New Road spoke about his opposition to the planning application for 4 Waterworks Cottages, in particular the drawings showed the plot larger than it was and the distance from the proposed new house to his was exaggerated on the plan. He also had concerns about parking in New Road.

Peter Appleton from Boundaryside also spoke in opposition to the above planning application.

Bruce Acton from Southern Planning Practice, representing Mr. & Mrs. Blake from The Shop, New Road, spoke about the proposal to make a planning application to build a new single dwelling within the curtilage of "The Shop". There were three main considerations for this; Mr. Blake's retirement, his grandson taking over the business and the need for local housing for Mr. Blake's grandson. The plan was that Mr & Mrs Blake would move into the new house and their grandson would live in the flat over the shop. The new property would be well screened with enhanced planing and make use of a brown field site. A separate access was planned but if this was a problem the current access to "The Shop" could be shared. TVBC planners had been consulted.

4. Declarations of Interest

Dr. Lees declared a personal and prejudicial interest in the planning applications for Hill View and Brackenwood, as he knew both applicants very well. Dr. Glasspool and Dr. Subramanyam declared a personal but not prejudicial interest in the planning application for Brackenwood, as the both knew the applicant professionally.

5. Confirmation of Minutes of the Parish Council Meeting held on 27 April 2005.

The minutes were **agreed** as a true record and signed by the Chairman. It was agreed that the second part of Dr. Subramanyam's letter had not been discussed and he received the apologies of the Council and Clerk.

8.1 Applications

The Chairman had declared an personal and prejudicial interest in the planning applications for Hill View and Brackenwood. He left the room while consideration of these items took place. Dr. Glasspool and Dr. Subramanyam remained in the room and took part in the discussion. See item 4.

TVS.10665, Erection of 2-storey extension to existing dwelling and erection of new attached dwelling, 4 waterworks Cottages, New Road. Objection on the grounds that it would be out of character with the area, loss of light and amenity to neighbouring property and scheme will result in overlooking of neighbouring property and resulting parking difficulties In New Road.

Council also noted that distances on plan between proposed property and Hazeldene were not accurate and showed a greater gap than existed.

8.2 Determinations

TVS.06451/3, Detached oak framed garage, Pear Tree House, Hill View Road, Permission subject to conditions.

TVS.06629/1, Use of building for B1 use, Hunts Farm, New Appeal.

8.3 Proposed dwelling, land adjacent to “The Shop”, New Road, Timsbury.

The Council agreed to open the meeting during this item for contributions from Mr Acton and Mr. & Mrs. Blake.

This was not a formal planning application. The Council were sympathetic to the style of building but considered the proposal to be against TV Borough policy as the site was not designated an in-fill area.

9. Financial Matters

9.1 Current Financial Situation

It was noted that there was little change in the financial situation since last month. The first instalment of the precept had been received.

9.2 Invoices for Payment

The following invoices were approved for payment:

Allianz Cornhill (insurance premium)	£2,479.54
ADT Fire & Security (pavilion fire alarm mte)	£94.06
The Studio (Newsletter printing)	£139.05
Peter Pritchett-Brown (APM flyer printing)	£17.25
Rod Foulkes (APM flyer delivery)	£30.00
Centrewire (dog stiles)	£197.69
P. Buist (salary, expenses & stationery)	£317.24
Jubilee Hall MC (hall hire)	£24.00

9.3 Adoption of Financial Regulations

The re-draft of the financial regulations was noted. Paragraph 2.5 required the Council to consider the need for a three year forecast of revenue, capital receipts and payments. The view was that a three year forecast was inappropriate for a parish council with a precept as small as M&T. It was proposed by the Chairman, seconded by Peter Pritchett-Brown that the current 2.5 was replaced with the following:

“The Council has considered the need for a three year forecast of revenue, capital receipts and payments and consider it inappropriate for Michelmersh & Timsbury Parish Council on the grounds that the precept and annual expenditure are low. Instead the Council will rely on paragraph 18.1 to manage financial reserves”

This was **agreed** unanimously.

PBu

9.4 Jubilee Hall and Insurance

It had been noted that the lease of the Jubilee Hall does not match the current structure of the management committee. It was agreed to raise this with the management committee and ask for a copy of their insurance cover.

WAL

10. Recreation Ground

10.1 Playground Inspection

The playground equipment had been inspected and no deterioration was noticeable.

10.2 Playground equipment and resurfacing - selection, purchase and formal grant application.

The Chairman reported on the Working Party activity. Due to cost and the urgent need to repair the surface of the play area, the project had been split into two phases.

1. To renovate the surface
2. To add new equipment.

It was **proposed** by the WP that the surface only should be replaced immediately. Three estimates for the work had been obtained and it was the recommendation of the WP that the contract should go to Playground Services who would replace the current tiles with wet pour at a cost of £6080. They also had the most precise proposal that included safety measures while the work was carried out. It was **noted** that a parishioner had pointed out at the Annual Parish Meeting that few children used the facility and that it was a high cost for the parish to bear for a relative few. The Chairman pointed out that we must make the area safe and provide kit for disabled children as required by law. The proposal to replace the surface with wet pour by Playground Services was **accepted**, provided 50% of the cost was obtained in grant funding. The other 50% being met by the Parish Council. The arrangements for new equipment would be put on hold until further funding was available.

Norton Welch to make the arrangements. The Clerk was asked to check with the Council's insurers that the public liability insurance would cover this event. In the event that the cover was not available through the Council's policy, it was agreed that the policy could be either extended or an ad hoc policy obtained with the cost met by the Council. PBU

19. M&T Sports Club

19.1 Sports Club Correspondence

The letter from the Sports Club dated 8 May was noted also the exchange of emails on 9 May. Dr. Subramanyam pointed out that Dr. Glasspool had attended the Working Party meeting, but was not a member of the WP. This had not been brought to the notice of the Parish Council. The Chairman explained that he was unsure of who might attend the meeting and had asked Dr. Glasspool on the basis that he was the first reserve. Dr. Subramanyam suggested that this was against policy rules.

The recommendation of the WP was that a letter be sent to the Club through solicitors reviewing the Council's position and explaining the financial arrangements that would be set up to support sport in the parish. This was **agreed** unanimously. It was **agreed** to set up a sports fund immediately on the following basis: RV / PBU

An initial payment equal to half of 10% of the 2002 precept, plus 10% of the precepts for 2003, 2004 and 2005 plus all rent paid from September 2002 less all costs, to the present time, directly attributable to sport in the parish PBU

dating from the September 2002 rent increase. This deduction would not take into account legal costs, but will include the pro rata insurance costs for the pavilion and store over the relevant period.

It was further **agreed** on a vote of 6 for and 1 against to send an invoice to the club for the balance of the rent due between the lodging of the court claim and the current date.

19.2 Further discussion as necessary about Club, Claim and Legal Advice.

There was no further discussion necessary.

20. Chairman's Mandate

In view of the Chairman's possible absence, the Vice-Chairman was mandated to speak on behalf of the Parish Council on the items contained in these minutes.

21. Any Other Business

21.1 Stationery Allowance

This would be an agenda item for the next meeting.

21.2 Harassment

The Chairman advised the Council that his actions as chairman had once again been brought to the attention of TVBC's Standards Committee and Head of the Legal Department with a view to a further, and third, complaint being made about him to the Standards Board for England. This appeared to be because it had been said that he had failed to declare an interest when the matter of a grant to the Jubilee Hall was discussed. In fact, he had at the time consulted the legal team at TVBC and sought advice about his position. The minutes record his resulting declaration of a personal interest. He was considering speaking to the police about the harassment that he was suffering.
